Estimate times and distances as best you can for [www.pttiming.com](http://www.pttiming.com)

PT Timing is seeding the meet, no additions after entries have closed, only replacements the day of the meet. We are using the Hy-Tek Program

Try to be as realistic as possible with your estimates.  
Look at your results on Page Three to help with your estimations!

You must register your roster and all your entries for this meet at [www.pttiming.com](http://www.pttiming.com) on-line for this meet as well as many others that you will be in this season. We are **NOT** using their services at the meet, just the seeding part. We are still running the rest of the meet like we have done in the past. Thanks for doing this and see you at our first meet of the **2018** season. I hope by doing this on-line will save us a tremendous amount of time and eliminate mistakes.
