Scratches and Substitutions:

Meet managers have no authority to allow substitutions in individual events on the day of the meet, except: If a coach presents a medical statement that a student cannot participate, or if the WIAA approves a change. Individuals involved in substitution will not be reseeded, but will assume the same section, heat, lane, and/or flight assignment of the original entry(s).

Scratches are allowed the day of the meet, but no replacements are allowed except as indicated above.

- An individual may scratch from part of the meet without having to scratch from the entire meet.
- An individual who is already entered in an event(s) cannot scratch from one event to replace an individual in another event.

Procedural Reminders:

1. Scoring will be 8 places with the top 4 finalists in each event advancing to the WIAA SECTIONAL MEET hosted by Ashwaubenon @ ST NORBERT'S COLLEGE. Scoring will be 10-8-6-5-4-3-2-1.
2. We will use a run-off procedure in running events or the regular tie breaking procedures in field events, if needed, to break ties regarding 1st, 2nd, 3rd, 4th places.
3. An athlete will have 15 minutes to return to their event after their name is called for their attempt, not from the time they check out. Event judges will note the time the athlete initially checks out and then once their name is called in the rotation, the judge is to note the time, and begin the 15 minute countdown if the athlete is not present. If the athlete then does not report it is recorded as a scratched attempt or, when appropriate, passed to the next height.
4. Time limits after being called for the "next attempt" are going to be enforced uniformly. Please inform your athletes regarding time limits.
5. 1 minute in LJ, TJ, Shot, Discus, PV, HJ
2 or 3 athletes remaining – 3 minutes in HJ and PV; 1 minute in all other field events
1 athlete remaining – 5 minutes in HJ and PV; 1 minute in all other field events
Consecutive Trials – PV 3 minutes, all others 2 minutes
6. Long & Triple Jump: We will use the open pit procedure in the preliminaries but will go in reverse order for the finals. (Shortest to longest) Athletes take their jumps 1-1-1 . Time limit will be followed – see time schedule above.
7. Please make your athletes aware of the time procedures in the field event areas.
8. **Final results will be available shortly after the meet on PTTIMING**
9. The tournament manager will decide the starting height for both the high jump and pole vault. The starting heights shall be determined by counting down using the performance of the eighth best athlete then subtracting two increments (4" high jump and 1' pole vault)
10. High Jump
 - i. Starting height must be of an even numbered inch — 4'6", 4'8", 4'10", 5'0", 5'2", 5'4", etc.
 - ii. The bar must be raised two inches each time until six competitors remain. The bar thereafter will be raised one inch each time
11. Pole Vault
 - i. Starting height must be at 6" or 12" increments — 6'0", 6'6", 7'0", 7'6", etc. (girls) and 10'0", 10'6", 11'0", 11'6", etc. (boys)
 - ii. Bar must be raised six inches each time until six competitors remain. The bar thereafter will be raised three inches each time

PLEASE Remind all your athletes that no stereos, stereo components or other radio equipment are allowed on the grounds as well as Frisbee's, footballs, etc.

Team Camps: Team camps will be located along the outside fence line on the north end of the stadium. This is a restricted area and the only area team camps will be allowed.
