220 Dash
Two Mile (22 Laps)
Mile Relay

On-Line Entries are Due by **Sunday, March 17th at Noon**. Estimate times and distances as best you can for www.pttiming.com. PT Timing is seeding the meet, no additions after entries have closed, only replacements the day of the meet. We are using the Hy-Tek Program. Try to be as realistic as possible with your estimates.

You must register your roster and all your entries for this meet at www.pttiming.com on-line for this meet as well as many others that you will be in this season. We are **NOT** using their services at the meet, just the seeding part. We are still running the rest of the meet like we have done in the past. Thanks for doing this and see you at our first meet of the **2019** season. I hope by doing this on-line will save us a tremendous amount of time and eliminate mistakes.

Don't wait until Sunday, March 17th to start working on your entries.

\$50 late fee paid to PT Timing if your entries are not turned in on-time.
